WHY INCORPORATE IN NEVADA?

NEVADA verses DELAWARE and Other States for Corporate Advantages

In recent years, Delaware has become less aggressive in protecting the rights of Corporate America. Today, Nevada has become known as the actual Incorporation Capitol of the West, predicated on the fact, Nevada developed the Delaware model, and as a result of the Pro-Business Attitude of Nevada, “. . . Nevada is the second most popular jurisdiction in the county, due largely to our favorable laws and low tax-environment.” (Consult: The Nevada Advantage at: nvsos.gov). As such, Nevada has developed an infrastructure to support your corporation, which includes, the following:

- NEVADA has **NO** state corporate tax on profits, unlike other states having an 8.7% tax on corporate profits or higher;
- NEVADA has **NO** state personal income tax;
- NEVADA has **NO** state franchise tax;
- NEVADA has **NO** state tax on corporate shares;
- NEVADA has **NO** franchise tax on income;
- NEVADA has **NO** inheritance or gift tax;
- NEVADA has **NO** unitary tax;
- NEVADA has **NO** estate tax;
- NEVADA has minimal annual reporting requirements;
- NEVADA has nominal Annual Entity Fees;
- NEVADA allows a corporation to issue stock for capital, services, personal property or real estate, including leases and options;
- NEVADA allows Directors to determine the value of corporate stock transactions, and their decision is Final;
- NEVADA allows one (1) individual to be the Director, President, Secretary, and Treasurer; and
- NEVADA allows for flexibility in corporate management and control.

Note: The heretofore cited advantages may change without notice by the Office of the Nevada Secretary of State. (Consult: NRS78 and NRS86 for additional advantages, and other NRS Chapters, as applicable.)
